ABOUT APK

The 17th Asia-Pacific Conference of German Business (APK) is a flagship event for business leaders, executives and government representatives. It will take place in Singapore from 13–14 November 2022 and will welcome several hundred participants from Germany and Asia-Pacific. The conference's objective is to provide a platform to deepen the dialogue on current economic developments in Europe and the Asia-Pacific region as well as to build and strengthen personal and economic ties.

The conference is co-chaired by the APA-Chairman, President and CEO of Siemens AG Roland Busch and the Vice Chancellor and Federal Minister for Economic Affairs and Climate Action Robert Habeck.

We encourage you to register, secure your hotel accommodation, and book your flights early, as it will be the first physical conference in the Asia-Pacific region after two years of pandemic restrictions and there will be a high demand for the tickets. CONFERENCE CHAIRMEN

"I am very much looking forward to opening this year's Asia-Pacific Conference of German Business in Singapore this November, together with Roland Busch, Chairman of the Asia-Pacific Committee of German Business.

The conference will focus on two issues which will play a key role in the coming years: Diversification and Sustainability. In this context, the Indo-Pacific is a very important partner for us. The Asia-Pacific Conference of German Business is the major platform enabling us all to tap the great potential of relations between the Indo-Pacific region and Germany."

Robert Habeck

"There are over 40 diverse countries in Asia today – just imagine the possibilities for positive and shared bilateral opportunities between Germany and Asia as we come together in

Singapore for the Asia-Pacific Conference of German Business. I can't think of a more important time than now for German and Asian industry to demonstrate leadership through the power of collaboration, cooperation and technology.
